

Re: 04-233 / LPFM expansion

I urge you to ensure the most listener coverage possible for K-Love Radio, by not allowing LPFM priority over the FM translator service that is used by K-love radio.

I am a long time supporter of K-love and I see, first hand, how 'positive , encouraging' and 'family safe' programming can benefit all it's listeners.'

Please don't inhibit this signal, and do what you can to work towards keeping their signal strong, so that they may continue to reach those in need.

Thank you for your consideration,

Seth Ponak
